To Whom It May Concern:

It gives me great pleasure to recommend On-Site Training to your firm. We have worked with On-Site on several occasions, during which, they have helped/assisted several of our staff members with IT training in either team workshop set-ups or if it was needed on an individual basis. They were always very efficient, clear and to the point during their training and after every session only great feedback was received from our employees.

I recommend them with enthusiasm, and if given the opportunity, would hire them again for future work.

Sincerely,
