THE AVENG GROUP

## Grinaker-LTA Mechanical & Electrical

---

To Whom It May Concern:

### **ON SITE TRAINING**

Grinaker-LTA is already making use of the excellent services from On Site Training for a few years now. For the last 2 years I am working for Grinaker-LTA as a Training Officer I can honestly say On Site Training is one of the most preferred providers.

I always receive feedback within 10 minutes after I have sent my training request to Brenda Moloi. On Site training is always willing to present the training on site at our Head Office in Robertsham. Instructors are always on time and knowledgeable in their field.

Thank you for the excellent service and the kind people at On Site Training.

Please do not hesitate to contact me if you need any other information.

Kind regards

Corlia Odendaal  
Training Officer
